

§ 20.75 Execution of powers of attorney.

The power of attorney shall be prepared on a form provided by the surety company and executed under the corporate seal of the company. If the power of attorney submitted is not a manually signed original, it shall be accompanied by certification of its validity.

§ 20.76 Deposit of securities instead of corporate surety.

Instead of corporate surety, the principal may pledge and deposit as surety for the bond, securities which are transferable and which are guaranteed as to both interest and principal by the United States, under the provisions of 31 CFR part 225.

§ 20.77 Consents of surety.

Consents of surety to changes in the terms of bonds shall be executed on Form 1533 by the principal and by the surety with the same formality and proof of authority as is required for the execution of bonds.

§ 20.78 Strengthening bonds.

(a) When the penal sum of any bond becomes insufficient, the principal shall either give a strengthening bond with the same surety to attain a sufficient penal sum, or give a new bond to cover the entire liability. A strengthening bond will not be approved if it bears any notation which is intended or which may be considered:

- (1) To be a release of any former bond, or
- (2) As limiting the amount of any bond to less than its full penal sum.

(b) Strengthening bonds shall show the date of execution and the effective date, and shall be marked "Strengthening Bond."

§ 20.79 Superseding bonds.

Superseding bonds are required when insolvency or removal of any surety occurs. Superseding bonds may also be required at the discretion of the regional director (compliance) when any other contingency affects the validity or impairs the sufficiency of the bond. If the principal intends to continue the transactions to which the bond relates after the surety, under § 20.80, has ap-

plied for relief of liability under the bond, the principal shall file a valid superseding bond to be effective on or before the date specified in the surety's application for relief of liability. Superseding bonds shall show the date of execution and the effective date, and shall be marked "Superseding Bond." If the principal does not file a superseding bond when required, the principal may not conduct any operation under the permit.

§ 20.80 Notice by surety of termination of bond.

A surety on any bond required by this part may at any time, in writing, notify the principal and regional director (compliance) with whom the bond is filed, that the surety desires (after a specified date) to be relieved of liability under the bond. The specified date may not be less than 90 days after the date the notice is received by the regional director (compliance). The surety shall also file with the regional director (compliance) an acknowledgment or other proof of service of the notice of termination on the principal.

§ 20.81 Termination of rights and liability under a bond.

(a) If the notice of termination given by the surety is not withdrawn, in writing, the rights of the principal as supported by the bond terminate on the date named in the notice. The surety is relieved from liability under a bond as to any operations which are wholly subsequent to:

- (1) The date named in a notice of termination (§ 20.80); or
- (2) The effective date of a superseding bond (§ 20.79); or
- (3) The date of approval of the discontinuance of operations by the principal.

(b) If the principal fails to file a valid superseding bond before the date on which the surety desires to be relieved from liability under the bond, the surety, notwithstanding the release from liability as specified in paragraph (a)(1) of this section, shall remain liable under the bond for all specially denatured spirits or articles on hand or in transit to the principal on that date
